

# VISION STRUCTURAL DESIGN AID

## OUR VISION

To earn professional excellence and recognition, by tendering timely solutions to the client's requirements, in an optimised and economical manner, without compromising on the safety and more importantly being eco-friendly.

## OUR OBJECTIVES

- To achieve uniqueness in our every design.
- To introduce technically sound and committed engineers to the society.
- To maximize the worth of our client's investment.

## **Mr. Amarnath R. Boraiah Principal Consultant, VISDA**

After completion of his post-graduation studies in Structures from Sri Jaya Chamarajendra College of Engineering, Mysore, Mr Amarnath has excelled in the field of Structural designs, interacting with reputed architectural firms like M/S RSP architects, M/S Zachariah architects, M/S CGP architects, gaining wide exposure over various sectors such as High raised residential buildings, commercial/ IT office buildings and Hotel buildings.

Continuing further, he associated himself with M/S G-Corp Pvt. Ltd. as project management consultant for over a year and he flew into Singapore to join M/s Parsons Brinkerhoff's Pvt. Ltd, Singapore as a Senior engineer, designs, handling structures over G+31 stories with Pre-cast RC elements. Later he joined in underground MRT stations, Singapore.

Having returned from Singapore, he worked as an Assistant director, M/s Potential Service Consultants Pvt. Ltd, Bangalore for over two years and currently, he is the Principal consultant for VISDA, Bangalore, since five years.

# OUR DEXTERITY

- We provide supporting systems for an architect's dream through our structural designs
- We convey our designs thro' drawings with a highly experienced drafting team.
- We provide bar-bending schedule details using widely accepted commercial software packages
- We take up the addition and alteration works involving retrofitting of R.C. and steel elements as per functional and service requirements.
- BOQ services, to assist the client and the contractor is provided.
- To guarantee the effective execution of our designs, we co-ordinate with the site team on a regular basis to improvise the workmanship..

## WE CATER OUR SERVICES TO THE FOLLOWING SECTORS

**OFFICE / COMMERCIAL  
BUILDINGS / MALLS /  
TECH PARKS.**

**HOTEL PROJECTS**
